

LOCAL BUSINESS EVENT! C-PACE ROUND TABLE

Are you looking to make energy upgrades at your building but need a way to pay for them?

Introducing the CT Green Bank's C-PACE program:

The Town of Thomaston has partnered with the Connecticut Green Bank to bring C-PACE financing to commercial property owners.

With C-PACE financing, owners of commercial, industrial, multifamily (5+ units), and non-profit properties can enjoy the advantages of energy upgrades immediately and pay for them over time through a voluntary benefits assessment.

This is a safe investment that produces returns immediately and for years to come by drastically lowering energy expenses.

ROUND TABLE EVENT INFORMATION

**WHEN: Monday, October 30,
2023 at 6:00 PM**

**WHERE: Town Hall
158 Main St
Lena Morton Gallery**

Members of the Green Bank's Financing Programs team will be attending to provide specific information on how you can benefit from the C-PACE program.

For questions, contact Stacey Sefcik at ssefcik@thomastonct.org

Examples of C-PACE Eligible Upgrades:

- Solar PV, can be paired with roof repairs or replacements
- EV charging infrastructure
- High efficiency HVAC equipment
- Windows
- ... and much more!

More information is available at ctgreenbank.com/c-pace/.
