New Business/Drug Control Drop-Box Policy & Procedure Approval:

Through a grant, the Police Department obtained a Drug Drop Box which has been placed in the lobby of the Police Department. The goal of the program is to keep drugs off the street and out of the hands of those who might overdose and to prevent accidental poisonings, not to mention the impact disposed drugs would have on the environment. Citizens will now be able to drop off their unwanted medications 24 hours a day and the Police Department will be responsible for proper disposal. We need to create a procedure for this process.
